Dear Judge Engelmayer,

The Petitioner, Harry Hueston, Pro se, hereby respectfully submitted to this Honorable Court Motion to reduce sentence pursuant to 18 U.S.C. 3582(c)(1)(A) for immediate release, and Emergency Motion. It is hereby ordered that the clerk shall file the document as a Motion for Compassionate Release Pursuant to Section 603(b) of the First Step Act.

I will be 51 yrs. old in a couple of months, I'm a borderline diabetic as well as up and down high blood pressure. I also have a patella tendon injury that I had surgery on that needs resurgery as soon as possible, along with rigorous adequate therapy which I was not

Able to get with my previous surgery. I have to receive cortisone shots to suppress the pain that gets unbearable at times until resurgery. This is a very dire environment in which where 17 inmates and 14 staff have contracted the corona virus, and no telling how many more inmates or staff have contracted the virus. As its spreading as a reflection which the numbers show as they increase, to go along with many unanswered questions and no testing to gauge who is affected, or to counter engage the spread and movement of this non-vaccination assailant, CO-VID 19.

Respectfully submitted  
 Harry Hueston  
 Harry Hueston, Pro se
